The office action mailed on February 21, 2006, was mistakenly issued. The action does not belong to the application and its content is not relevant to the application, therefore it should be voided.

#### REASONS FOR ALLOWANCE

1. Claims 2, 3, 5-7, 9, 11 and 12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 2 recites, inter alia, *a mounting frame to secure the wire ends of said first winding and to enable said first core and first winding to be surface mounted on an adjacent structure such that a portion of the planar surface of said adjacent structure is in contact with said end portion planar surfaces and first winding planar surface.*

Claim 11 recites, inter alia, *mounting frame including securing the wire ends of said winding to post on said mounting frame so as to enable said core and winding to be surface mounted on adjacent structure such that portion of the planar surface of said adjacent structure is in contact with said end portion planar surfaces and said winding planar surface.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
